### Bonus Mini Episode

### Tick Tock 2025 – Last Minute Training Opportunities

Nick: Hello ethical people. I'm Nick Rohrbaugh of the Ohio Ethics Commission with a bonus mini episode on last minute training opportunities. It's late November! 2025 is nearly a wrap - do you have your Ohio Ethics Law training wrapped up?

If not the Ethics Commission has the perfect gift: two easy ways to complete your training!

Our 2025 e-course is online, on-demand, and can keep you on target to meet your requirement. You can easily find it on the Ohio Ethics Commission's website: [ethics.ohio.gov](https://ethics.ohio.gov). There's a big blue button right there on the home page under Quick Links that says "The Ohio Ethics Law E-Course." Give that click and you'll have a certificate of completion faster than you can bake a batch of holiday cookies.

If a live webinar jingles your bells, our final one-hour Ethics Law webinar of the year is quickly approaching. Cozy up with some cocoa and join us Thursday, December 18<sup>th</sup> at 10 AM for a fun, interactive session that will stuff your stocking with the thing topping everyone's wish list: proof of completion. You can register on our website – links for both the e-course and webinar registration will be in the show notes.

Both options meet the annual training requirement as outlined in the Governor's Ethics Executive Order 2019-11D for both financial disclosure filers and non-filers. They're also approved for one general hour of self-study CLE and for one contact hour of CPE for CPAs through the Ohio Accountancy Board.

Already looking ahead to 2026? Stay tuned! Those will be announced soon. Happy holidays, happy New Year, take care, be ethical. Bye bye.
